Vizslas can require anywhere from 20 minutes to 2 hours of exercise per day, depending on the individual dog and what they are used to getting. Do you have adequate space nearby to provide this?

All puppies are initially sold on Limited Registration. This does not prevent you from doing anything with your dog except for competing in the show ring and being able to register offspring with the AKC. At a later time, the Limited Registration may be lifted if I feel the dog is of breeding quality, has an OFA hip rating of Good or Excellent, and has at least a Junior Hunter or NAVHDA-Natural Ability title. It may also be lifted if you want to compete in Conformation (shows). Do you find this acceptable?

Do you plan to crate train your puppy? Yes No

Do you work outside of the home? Yes No

How many hours, on average, will the puppy be left alone?

Will you enroll in beginning obedience classes (Puppy Kindergarten)?

I know that each of you is looking for a good pet. The following are things you can do with your puppy, please select what you will do or think you may be interested in doing with your puppy. This helps me guide you towards which puppy most suits your needs and situation.
