Driver is a hard-charging young male that is just three years old. Born May 8, 2012, he didn't begin field trials until fall of 2013. His very first trial entry resulted in a placement and nationals qualification! Exactly two years after bringing home a 4th of 33 in the 2013 VCA National Derby Classic, he finished his FC in grand style by winning the 2015 VCA NFC from a field of 40 starters.

Winning and placing in all-breed gun dog and all age majors in California, Nevada, Nebraska, Iowa, Wisconsin, Michigan, New Jersey, and Wyoming in 2015, Driver has proven his ability to adapt to terrain and attack the course intelligently and cooperatively. Making moves to reach objectives typically left untouched by the competition, he is exciting to watch perform in the field, and is still improving every time he's on the ground.

Driver has been exclusively trained and handled in the field by Brian Gingrich of B.G. Gun Dogs. From the first 6-week puppy camp at 5-months of age, Brian has been the sole trainer developing Driver's talents in the field.

Bred by Jonathan Peck of Midnight Run Vizslas, his dam Nena, a highly competitive derby dog herself, has also produced an NVA National Champion by a different stud. Driver's sire Rex, owned by Jim Gingrich, is the son of Michel's winning derby dog Briggs (Strider's Generator) and Brian Gingrich's bitch Lucy, a daughter of Wanda Berner's DC AFC Maximum Strider SH.

He is the first NFC for owner Michel Berner and her kennel, Mira Vizslas, now has the distinction of owning the first NFC from Wisconsin.

At the time of this writing, he is ranked #1 Vizsla for Dogs Defeated, #1 AKC All-Age Vizsla, #2 AKC Top Dog Gun Dogs, #3 Vizsla Club of America Open Field Trial Dog.
